Ring Size Chart

All dimensions of jewels are noted on each jewel's product page. Below is a conversion table of the different ring measurements used worldwide. If you are unsure of your ring size – we suggest measuring the inside diameter of an existing ring and the using the below conversion table. If you are hesitating between two sizes, choose the larger size.

USA & Canada	Europe	Ring Diameter Inside - (mm)
6	52	16.45
7	55	17.3
8	57	18.2
9	59	19
10	62.1	19.8
11	64.6	20.6

Check your ring size

Print our chart of ring size circles. Cut a small piece of string, thread or ribbon from a spool. Wrap it snugly around your finger for an accurate measurement. Compare your measurement with our sizing chart. Be careful not to wrap the string too tight. Aim for a comfortable, snug fit. Double check for accuracy. Place the ring on top of each circle until you find a perfect match.
